

# TIMBERPINE, INC.

## IRRIGATION SYSTEM

### WARRANTY & MAINTENANCE

Your irrigation system was designed with premium components and workmanship to maximize water conservation and system efficiency.

Thank-You For Your Business!

**Remember:**  
**Watering rates may need to be adjusted depending on the temperatures, soil drainage and wind conditions. Please call us if you have any questions about your system.**

#### TimberPine Irrigation Systems

**“You’ve Made the Right Choice”**

#### TimberPine, Inc.

18863 Jewell Drive  
Earlham, IA 50072

Phone:515-834-2712

Fax:515-834-2778

Email: sales@timberpine.com

#### Warranty

Your system is comprised of quality Hunter or Rainbird components. All the components of your system including the pipe, heads and controller are covered with a 1 year warranty from the date of installation. If any system component fails due to a material workmanship or defect TimberPine will replace that component at no charge to you.

#### Service and Repair

As part of your new irrigation system, TimberPine will provide the initial startup for your system. TimberPine will also provide an annual maintenance contract for your system which insures optimal operation of your system throughout its lifetime. If you have any other service needs please call 515-834-2712 to schedule maintenance or for any questions. Please remember, if any company other than TimberPine services, modifies or maintains your irrigation system your warranty may be voided.

For optimal system operation, the owner must periodically adjust the system controller settings. These adjustments are dependent on temperatures, available rainfall, turf conditions and seasonal considerations. TimberPine is available to adjust your system after its initial settings for a standard service fee.

#### Maintenance Requirements:

Every year your irrigation system will require annual maintenance including a spring start up and backflow certification and in the late fall a winterization/blowout. These services will be part of an annual maintenance contract and are not included in the initial installation of your system. Please contact TimberPine regarding these services and the annual contract.

#### Exclusions:

Any damage to components of your irrigation system are not covered under warranty and will be repaired or replaced at the owners expense.

#### Other:

Refer to your invoice for any exemptions or extensions to the warranty of your system. If you have any questions about your irrigation system, call us at 515-834-2712.
